Accounting Guides

For **Accounting staff**. You approve loans and leave at the **Accounting step**, confirm loan **disbursement**, create **penalties**, and **finalise** commission sheets into payment batches.

You also do everything an **Employee** does. Start with the **General guide (Getting Started)**.

What you can do

I want to...	Guide
Approve leave at the Accounting step	Leave: Accounting approval
Approve a loan and confirm disbursement	Loan: approval & disbursement
Record a government or internal penalty	Create a penalty
Finalise commission sheets & close the batch	Commissions: finalise & batch

The golden rules

- You are the **Accounting** step on both loans and annual leave — you check the financial impact (remaining loans, commissions, flight tickets).
- **Disbursement** is the final gate that turns an approved loan **Active** so its installments start.
- **Penalties** (government + internal) are yours to create. **Salary advances** and **all installment changes** are handled by **HR**.
- The **bank file export** (salaries and commissions) is performed by **HR**, not Accounting — you finalise and close the batch; HR runs the export.
- **Loans** live in **Loans → Operations → Loans** (opens on **Waiting For Me**); **time-off** approvals live in **Time Off → Management → Time Off**.

Leave: Accounting Approval

Who is this for: Accounting **How long it takes:** 2 minutes per request

What this does

Lets you approve an **annual leave** at the **Accounting step** (step 4), where you record the financial details tied to the vacation — remaining loans, flight ticket, and any additional commissions to pay out.

Before you start

- This step applies to annual (and EOS) leave, after the GM's initial review.
- Leave requests live in **Time Off → Management → Time Off**.

Steps

1. **Open Time Off → Management → Time Off** and find the employee's request (it will be at **Pending Accounting**).

2. **Open the leave** and go to the **Accounting** tab (editable at this step). Fill in as applicable:
 - **Remaining loans** and description.
 - **Flight ticket** amount and description.

- **Additional commissions** lines (label + amount each).

3. **Approve (Accounting)**. The leave moves to the GM for final approval.

What happens next

The leave goes to **Pending GM Final**. At the GM's final approval, a **vacation payslip** is created from these figures. After that it returns to HR for the signed-form confirmation.

Common issues

Symptom	Cause	Fix
Accounting tab is read-only	Leave isn't at your step	It's editable only at Pending Accounting
Figures didn't reach the payslip	Approved before entering them	Enter the amounts <i>before</i> clicking Approve

Related guides

- **Loan: approval & disbursement**

Loan: Approval & Disbursement

Who is this for: Accounting **How long it takes:** 1–2 minutes per loan

What this does

Covers your two loan responsibilities:

1. The **Accounting approval** step (after HR, before the GM).
2. **Confirming disbursement** — the final action that activates the loan and starts its installments.

Before you start

- Loans live in the **Loans** app under **Operations** → **Loans**; that list opens on **Waiting For Me**.

Steps — Accounting approval

1. **Open the Loans app** → **Operations** → **Loans**. It opens on **Waiting For Me**.

The screenshot shows the 'Loans' app interface. The top navigation bar includes 'Deductions', 'Dashboard', 'Self-Service', 'Operations', and 'Reports'. The left sidebar contains icons for 'Discuss', 'Calendar', 'Contacts', 'Dashboards', 'Commissions', 'Deductions' (highlighted), 'Employees', 'Time Off', and 'Apps'. The main content area displays a table of loan records. The table has columns: Name, Employee, Department, Type, Category, L..., Amount, Installm..., Employee's T..., Gross Salary, Total Paid, Total Pending, Progress ..., and a date column. Two loan records are visible, both for 'Train Emp...' with a 'Personal L...' category and 'Borrowed...' type. The first record (LO00662) has an amount of 5,050.00 SAR and 10 installments. The second record (LO00660) has an amount of 5,030.00 SAR and 10 installments. The total amount for both is 10,080.00 SAR. The 'Total Paid' is 0.00 SAR and 'Total Pending' is 10,080.00 SAR. The 'Progress' is 0% for both. The date for both is Jul 1.

Name	Employee	Department	Type	Category	L...	Amount	Installm...	Employee's T...	Gross Salary	Total Paid	Total Pending	Progress ...	
LO00662	Train Emp...		Personal L...	Borrowed...		5,050.00 SAR	10	1,006.00 SAR	0.00 SAR	0.00 SAR	5,050.00 SAR	0 %	Jul 1
LO00660	Train Emp...		Personal L...	Borrowed...		5,030.00 SAR	10	1,006.00 SAR	0.00 SAR	0.00 SAR	5,030.00 SAR	0 %	Jul 1
						10,080.00 SAR				0.00 SAR	10,080.00 SAR		

2. **Open the loan**, review the amount, installments, and the employee's other deductions (Decision Support tab). Tick the budget confirmation if applicable.

3. Click **Approve (Accounting)** → the loan moves to **Pending GM Final**. (Or **Refuse** with a reason.)

The screenshot shows the 'Loan Approval: Pending Accounting' screen for loan LO00660. The interface includes a sidebar with navigation options like Discuss, Calendar, Contacts, Dashboards, Commissions, Deductions, Employees, Time Off, and Apps. The main content area displays the loan details, categorized into EMPLOYEE, TYPE, FINANCIALS, SCHEDULE, and PAYROLL IMPACT. A blue 'LOAN' banner is visible in the top right corner. The status bar at the top shows 'Paid 0.00', 'Pending 5,030.00', 'Installments 10', and 'Progress % 0.00'. The 'Approve (Accounting)' button is highlighted in green, and the 'Refuse' button is in red. The 'Draft' tab is selected in the top navigation bar.

EMPLOYEE		TYPE	
Employee	Train Employee	Type	Personal Loan
Department		Category ?	Borrowed (with employee consent)
Manager	Train Supervisor		
Employee No. ?			
SSN No. ?			
Loan Acc No. in BAS ?			

FINANCIALS		SCHEDULE	
Amount ?	5,030.00 SAR	Start Month ?	Jul 1
Installments ?	10	Total Paid	0.00 SAR
Installment Amount ?	503.00 SAR	Total Pending	5,030.00 SAR
		Progress Percent ?	0 %

PAYROLL IMPACT	
Gross Salary ?	0.00 SAR
Total Deductions This Month	1,006.00 SAR

Steps — Confirm disbursement

After the GM's final approval, the loan arrives at **Pending Disbursement**.

1. Open the loan and click **Confirm Disbursement**.

The screenshot shows the 'Loan Approval: Pending Disbursement' screen for loan LO00662. The interface is similar to the previous one, but the status bar at the top shows 'Paid 0.00', 'Pending 5,050.00', 'Installments 10', and 'Progress % 0.00'. The 'Confirm Disbursement' button is highlighted in green. The 'Draft' tab is selected in the top navigation bar.

EMPLOYEE		TYPE	
Employee	Train Employee	Type	Personal Loan
Department		Category ?	Borrowed (with employee consent)
Manager	Train Supervisor		
Employee No. ?			
SSN No. ?			
Loan Acc No. in BAS ?			

FINANCIALS		SCHEDULE	
Amount ?	5,050.00 SAR	Start Month ?	Jul 1
Installments ?	10	Total Paid	0.00 SAR
Installment Amount ?	505.00 SAR	Total Pending	5,050.00 SAR
		Progress Percent ?	0 %

PAYROLL IMPACT	
Gross Salary ?	0.00 SAR
Total Deductions This Month	1,006.00 SAR

2. The loan becomes **Active**. Its installments now appear on the employee's payslips automatically.

What happens next

Once **Active**, each pending installment is deducted at payroll. If the employee later pays outside payroll, that's handled by HR — see [HR → Modify deductions & change installments](#).

Common issues

Symptom	Cause	Fix
No Confirm Disbursement	Loan not yet at that step, or you lack the disbursement role	Check the state; confirm your access
Installments not deducting	Loan not disbursed yet	It must be Active first

Commissions: Finalise & Bank Export

Who is this for: Accounting (commission accountant) **How long it takes:** 5 minutes per period

What this does

Lets you take supervisor-confirmed commission sheets, **finalise** them, group them into a **batch**, and export the **bank transfer file** for payment.

Before you start

- Sheets must be **Confirmed** by the supervisor before you finalise them.
- You can adjust the frozen **Loans Deduction** on a confirmed sheet before finalising, if needed.

Steps — Finalise a sheet

1. **Open Commissions → All Sheets** and filter to **Awaiting Accountant** (Confirmed) sheets.

The screenshot shows the 'Commission Sheets' interface. The top navigation bar includes 'Commissions', 'Commissions and Other Allowances', 'Driver Commissions', 'Technician Location Allowance', and 'Sales & Collection Commissions'. The left sidebar has icons for 'Discuss', 'Calendar', 'Contacts', 'Dashboards', 'Commissions' (highlighted), 'Deductions', 'Employees', 'Time Off', and 'Apps'. The main area displays a table of commission sheets. The table has columns: Name, Employee, Department, Period, Lines Subtotal, Driver Commi..., Location Allo..., Sales Commis..., Collection Co..., Total, Loans, and Total. The data shows three periods: May 2026 (446), June 2026 (10), and July 2026 (3). The totals for each period are 0.00 SAR for Lines Subtotal, Driver Commi..., Location Allo..., Sales Commis..., and Collection Co..., and 500.00 SAR for Total. The Loans column shows 0.00 SAR for each period, and the final Total column shows 500.00 SAR for each period.

Name	Employee	Department	Period	Lines Subtotal	Driver Commi...	Location Allo...	Sales Commis...	Collection Co...	Total	Loans	Total
May 2026 (446)				0.00 SAR	0.00 SAR	0.00 SAR	0.00 SAR	0.00 SAR	0.00 SAR		0.00 S
June 2026 (10)				0.00 SAR	0.00 SAR	0.00 SAR	0.00 SAR	0.00 SAR	0.00 SAR		0.00 S
July 2026 (3)				500.00 SAR	0.00 SAR	0.00 SAR	0.00 SAR	0.00 SAR	500.00 SAR	0.00 SAR	500.00 S
				500.00	0.00	0.00	0.00	0.00	500.00	0.00	500

2. Open a sheet, review the totals (and adjust the **Loans Deduction** if required), then click **Finalise**.

Default Paying Bank Account ?

Kawther Raj Card...

Total Payable

1,700.00 SAR

2. Click **Close Batch** to consolidate the totals.

The bank file itself is exported by HR, not Accounting. Once you've closed the batch, HR runs the export and uploads it to the bank — see **Payroll → Bank file export**. Your job ends at a closed, reconciled batch.

What happens next

HR exports the bank file from the closed batch and uploads it to pay the commissions. The **Bank Transfer Amount** per employee = Gross Total – Loans Deduction.

Common issues

Symptom	Cause	Fix
Can't finalise a sheet	It's still Draft	The supervisor must Confirm it first
Sheet not in the batch	Not finalised (Done)	Finalise it before adding to the batch
HR can't export	Batch not closed	Close the batch first, then hand off to HR

Creating a Penalty (Government / Internal)

Who is this for: Accounting **How long it takes:** 2 minutes

What this does

Lets you record a **penalty** against an employee — a **Government Penalty** (e.g. a traffic or labour fine the company paid on their behalf) or an **Internal Penalty** (a disciplinary deduction). The amount is recovered from the employee's salary. Penalties do **not** go through the loan approval chain.

Who creates what: Accounting creates **penalties**. **Salary advances** are created by HR — see [HR → Create a salary advance](#). **Installment changes** on any deduction are handled by HR.

Before you start

- Know the **employee**, the **penalty type** (Government / Internal), the **amount**, and the number of **installments** (usually one).

Steps

1. **Open the deductions list** (Government/Internal penalties appear in your deductions menu).

Name	Employee	Department	Type	Category	L...	Amount	Installm...	Employee's T...	Gross Salary	Total Paid	Total Pending	Progress ...	
DE00855	Train Emp...		Salary Adv...	Borrowed...		1,500.00 SAR	3	1,006.00 SAR	0.00 SAR	0.00 SAR	1,500.00 SAR	0 %	Jul 1
						1,500.00 SAR				0.00 SAR	1,500.00 SAR		

2. **Create a new record.** Choose the **employee** and the type (**Government Penalty** or **Internal Penalty**).
3. **Enter the amount and installments**, then **Submit**. The penalty becomes active and is deducted on the employee's next payslip(s).

What happens next

The penalty is **Active** and appears on the employee's payslip under **Total Deductions**. If a schedule needs adjusting later, or an installment needs marking paid, that's handled by **HR** — see **HR → Modify deductions & change installments**.

Common issues

Symptom	Cause	Fix
I don't see the penalty types	Missing access	Ask an administrator to grant penalty rights
It's not deducting	Still in Draft	Click Submit so it becomes Active
