General Manager (GM) Guides

For the **General Manager**. You provide the **initial** and **final** approvals on annual leave, the **final** approval on loans, and — uniquely — you can **return** a request to an earlier approver for revision instead of refusing it outright.

Start with the **General guide (Getting Started)**.

What you can do

I want to...	Guide
Give initial and final approval on annual leave	Leave: GM approvals
Send a request back to an earlier approver	Return to approver
Give final approval on a loan	Loan: GM final approval
Approve my departments' monthly commissions & allowances	Commissions: monthly approval

The golden rules

- On **annual leave** you act **twice**: an initial review (step 3) and the final approval (step 5). Your final approval creates the vacation payslip.
- Instead of refusing, you can **Return to Approver** with a reason, sending the request back to a specific earlier step for correction.
- **Time-off** approvals live in **Time Off → Management → Time Off**; **loan** approvals live in **Loans → Operations → Loans** (opens on **Waiting For Me**).
- On **commissions** you approve only the departments you are General Manager of, in **Commissions → Monthly Pay Run**. Locking or reopening a whole month belongs to the **company's** General Manager.

Leave: GM Approvals

Who is this for: General Manager **How long it takes:** 1-2 minutes per request

What this does

Covers your **two** approval points on an annual leave:

1. **Initial approval** (step 3) — a review after HR.
2. **Final approval** (step 5) — after Accounting; this creates the vacation payslip and sends the leave on for the signed-form confirmation.

Before you start

- Leave requests live in **Time Off → Management → Time Off**. Look for requests at **Pending GM Initial** or **Pending GM Final**.

Steps — Initial approval

1. **Open Time Off → Management → Time Off** and open the employee's request (at **Pending GM Initial**).

The screenshot displays the 'Time Off' management interface. The top navigation bar includes 'Time Off', 'My Time', 'Overview', 'Management', 'Reporting', and 'Leave Balances'. The left sidebar lists various modules: Discuss, 31 Calendar, Contacts, Dashboards, Deductions, Employees, Time Off (selected), and Apps. The main content area shows a table of requests with columns for employee details, leave type, dates, amount, current balance, and actions. The table contains three rows: two for 'Train Employee' with 'Annual Vacation' and one for 'MISHAL J ALSHAKHS' with 'Sick Leave'. The 'Train Employee' requests are marked 'TO APPROVE' and the 'Sick Leave' request is marked 'TO VALIDATE'.

Employee	Leave Type	Period	Amount	Current Balance	Action	Status
Train Employee	Annual Vacation (الإجازة السنوية)	Aug 27 – Aug 29	3 days	12.00 / 30.00	Refuse	TO APPROVE
Train Employee	Annual Vacation (الإجازة السنوية)	Aug 13 – Aug 15	3 days	12.00 / 30.00	Refuse	TO APPROVE
MISHAL J ALSHAKHS	Sick Leave	Jul 5	1 days	119.00 / 120.00	Validate	TO VALIDATE

2. **Open the leave** and review the HR/Decision-Support details (read-only at this step).

3. Click **Initial Approve (GM)** → the leave moves to **Accounting**. (Or use **Return to Approver** — see the next guide.)

Action Required — Direct Manager Approval

Employee: Train Employee

Period: 2026-08-13 → 2026-08-15

Days: 3.0

This annual leave request is awaiting your approval

OdooBot ٢ يوليو ٧:٥٨ م

OdooBot ٣ يوليو ٧:٥٨ م

Time Off created

Steps – Final approval

1. Open the leave (now at **Pending GM Final**) and review the **Accounting** tab figures.
2. Click **Final Approve (GM)**.

The screenshot shows the Odoo HR system interface. The main form is titled 'Annual Vacation' for 'Train Employee'. It includes fields for 'Employee: Train Employee', 'Period: 2026-08-27 → 2026-08-29', 'Days: 3.0', and 'Total Days Requested: 3.00'. The status bar at the top indicates 'Waiting for final approval from the manager'. A sidebar on the right contains navigation icons for various HR functions.

This **creates the vacation payslip** and moves the leave to **Pending HR Confirmation** (HR then attaches the signed form).

What happens next

- Initial approval → Accounting fills the financial details.
- Final approval → vacation payslip is generated; HR does the final confirmation.

Common issues

Symptom	Cause	Fix
No approve button	Leave not at a GM step	Check the status bar
I don't want to refuse but it needs changes	Use Return to Approver	See Return to approver

Return a Leave to an Earlier Approver

Who is this for: General Manager **How long it takes:** 1 minute

What this does

Instead of refusing a leave outright, lets you send it **back** to an earlier approver (for example HR or the direct manager) with a note explaining what needs to change. The request keeps its history and simply resumes from the step you choose.

Before you start

- This is available only to the GM, and only at the two GM steps (**Pending GM Initial** and **Pending GM Final**).
- From the initial step you can return to the DM or HR. From the final step you can return to the DM, HR, GM-initial, or Accounting.

Steps

1. Open the leave at a GM step and click **Return to Approver**.

2. In the window, choose the **target step** to return to and type a **reason** (this is sent to that approver).

3. Click **Return for Revision**.

What happens next

The leave goes back to the chosen step. That approver receives an **Inbox notification** with your reason and re-does their part. Stamps from the returned step onward are cleared; earlier approvals are kept. When it comes back up the chain, it returns to you.

Common issues

Symptom	Cause	Fix
No Return to Approver button	You're not the GM, or not at a GM step	It's GM-only and appears only at the GM steps
A step isn't offered as a target	It's not a valid return target from your current step	Choose one of the allowed earlier steps

Loan: GM Final Approval

Who is this for: General Manager **How long it takes:** 1 minute per loan

What this does

Lets you give the **final approval** on a loan, after HR and Accounting. Your approval sends the loan to disbursement.

Before you start

- Loans live in **Loans → Operations → Loans** (opens on **Waiting For Me**).

Steps

1. **Open the Loans app → Operations → Loans.** It opens on **Waiting For Me**, showing loans at **Pending GM Final**.

The screenshot shows the 'Loans' app interface. The top navigation bar includes 'Deductions', 'Dashboard', 'Self-Service', 'Operations', and 'Reports'. The left sidebar contains icons for 'Discuss', 'Calendar', 'Contacts', 'Dashboards', 'Deductions' (highlighted), 'Employees', 'Time Off', and 'Apps'. The main content area displays a table of loans. The table has columns: Name, Employee, Department, Type, Category, L..., Amount, Installm..., Employee's T..., Gross Salary, Total Paid, Total Pending, Progress..., and a date column. A single loan is listed with ID LO00661, employee Train Emp..., amount 5,040.00 SAR, and 10 installments. The progress bar shows 0% completion.

Name	Employee	Department	Type	Category	L...	Amount	Installm...	Employee's T...	Gross Salary	Total Paid	Total Pending	Progress ...	
LO00661	Train Emp...		Personal L...	Borrowed...	☒	5,040.00 SAR	10	1,006.00 SAR	0.00 SAR	0.00 SAR	5,040.00 SAR	0 %	Jul 1
						5,040.00 SAR				0.00 SAR	5,040.00 SAR		

2. **Open the loan** and review the amount, installments, and the Decision Support summary (leave balance, other deductions, gross salary impact).
3. Click **Final Approve (GM)** → the loan moves to **Pending Disbursement**. (Or **Refuse** with a reason.)

Approving the Month's Commissions & Allowances

Who is this for: General Manager (department GM), and the company's General Manager for the last two sections **How long it takes:** 10-15 minutes a month

What this does

Each month your supervisors record what their teams earned on top of salary — overtime, driver trips, meals, allowances, bonuses — and hand their department over to you. You review it, then approve or send it back. Your approval is what turns the figures into money: it settles the employees' parked loan installments and locks the month for payment.

Sales & Collection is not part of this. It is calculated on its own page and paid separately; it never reaches your approval here.

Before you start

- You approve **only the departments you are set as General Manager of**. A department whose GM is somebody else stays with them, however senior you are.
- A department reaches you only when its supervisor presses **Submit My Entries**. A batch marked *Submitted* is not yet handed over.

Steps

1. **Open Commissions → Monthly Pay Run** and pick the month. The **By Department** tab is one row per department: the supervisor's name, how many records, how many employees, the total, the status and when it arrived.

You are also told, in a blue banner, which departments have **not** handed over yet.

2. Review before you approve.

- **Who Gets Paid** lists every employee due to be paid: earnings, the loan recovery about to be taken, and the net.
- Open any department row → **Employees** to see the entries behind its total.
- On any entry, the **calculator** icon shows exactly how the amount was reached — the salary, divisor and overtime factor, or every trip tier with its rate.

3. **Approve.** Either **Approve** on a single department's submission, or **Approve My Departments** on the pay run to clear all of yours at once.

The screenshot shows the Odoo HR Payroll interface. The top bar indicates the company is 'Kawther Sweet Water Cont. Co' and the current date is 'August 2026'. The submission is titled 'PR000002' and is in the 'Submitted to GM' state. The interface shows a table with columns for 'الملاحظات' (Comments), 'من سيُصرف له' (To be paid to), 'الدفعات' (Payments), 'تاريخ التقديم' (Submission Date), 'المشرف' (Supervisor), and 'القسم' (Department). The table shows a total of 356.25 SAR for 1 employee. The submission is created by 'OdooBot'.

4. **Or send it back.** On the department's submission, type the **Return Reason**, then click **Return for Correction**. The reason is required — the supervisor needs to know what to fix.

The screenshot shows the Odoo HR Payroll interface. The top bar indicates the company is 'Kawther Sweet Water Cont. Co' and the current date is 'August 2026'. The submission is titled 'Train Department · Aug 2026' and is in the 'Submitted for approval' state. The interface shows a table with columns for 'التسليم' (Submission), 'الطاق' (Department), 'الشهر' (Month), 'القسم' (Department), 'المشرف' (Supervisor), and 'المدير العام' (General Manager). The table shows a total of 356.25 SAR for 1 employee. The submission is created by 'OdooBot'.

What happens next

- **Returned:** the department goes back to the supervisor, the reason is written onto every batch in it, and he is notified in his inbox.
- **Approved, with other departments still waiting:** your departments are locked and the month stays open for the others.
- **Approved, and nothing is left waiting:** the month finalises itself. The **Payment Register** is built from the approved departments only, the parked loan installments are settled out of the commission, and the period **locks** — no supervisor can add or change anything in it. Accounting then exports the bank file.

Closing a month that is still incomplete — the company's General Manager only

If a department never hands over, someone still has to decide the month is finished. That is a company-level call and it belongs to the **company's General Manager**, not to a department GM:

- **Lock the Month Now** — pays only what was approved. A department that never submitted keeps its work in Draft for next month.
- **Reopen** — unlocks an approved month, returns the settled loan installments to pending and turns the register back into a preview. It unwinds **every** department's settlement at once, which is why no single department GM can do it.

If you need either and the button is not there, ask the company's General Manager.

Common issues

Symptom	Cause	Fix
No Approve button on a department	It is not yours — its GM is someone else	The message names who it is waiting on
"None of the departments waiting ... are yours to approve"	Same as above, from the pay-run button	Approve from your own departments, or ask the named GM
"No General Manager is set for ..."	The department has no GM and the company has no default	Ask HR to set the department's General Manager
Return for Correction refuses	The Return Reason is empty	Type the reason in the field above the button first
A department is missing from the month	It has not handed over	The blue banner lists them; chase the supervisor
The register looks wrong after approval	Only approved departments are included	Check the chatter message — it lists what was left out and

Symptom	Cause	Fix
		why
