

General Guide (Getting Started)

For everyone — read first
KSW HR & Payroll · 2026-08-24

Getting Started

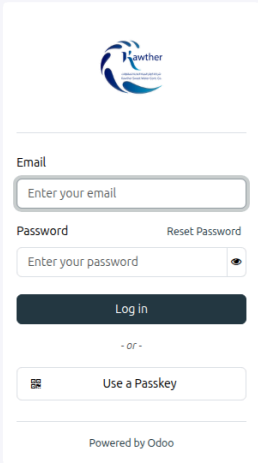

Who is this for: Everyone — read this once before your role-specific guide. **How long it takes:** 5 minutes

What this does

This page covers the basics that every user needs no matter their role: how to log in, move around the system, read your notifications, and — if you approve requests — how to find the items waiting for *you*.

Logging in

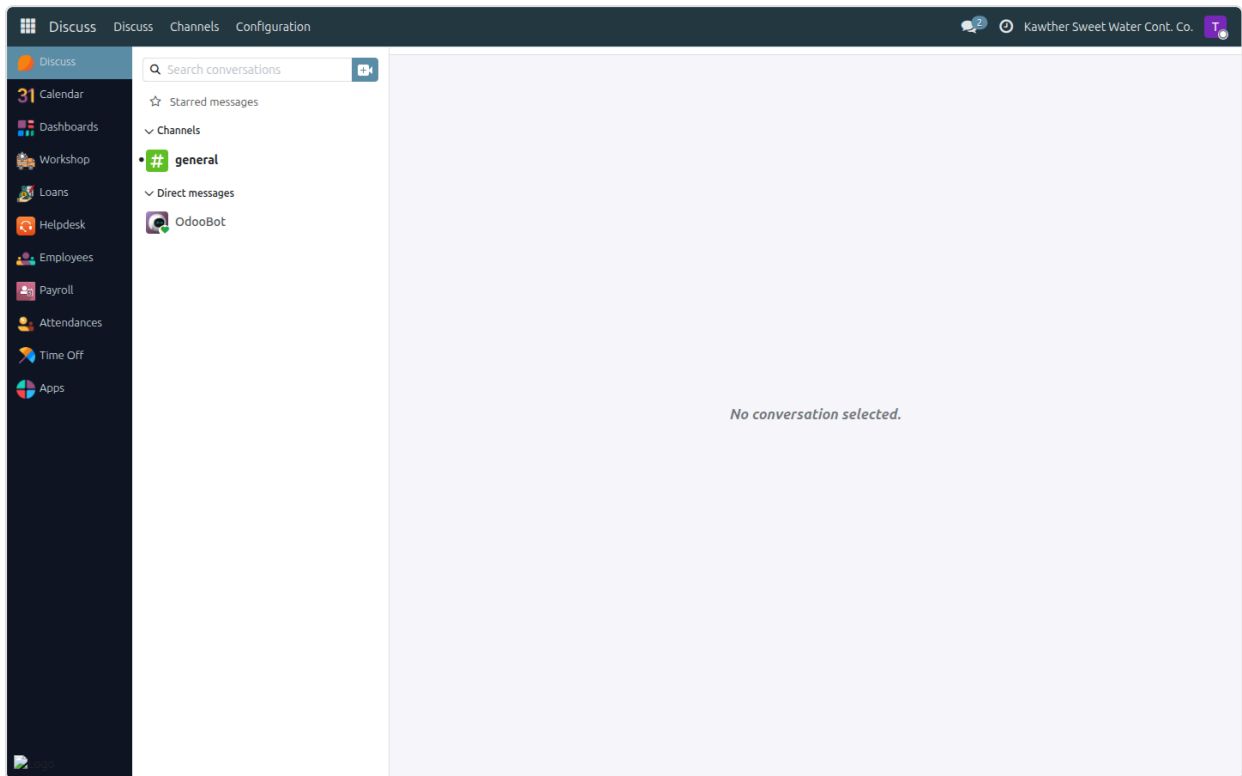

1. **Open the system** in your web browser at <https://alkawthersw.ddns.net>. (Add it to your bookmarks — this is the address you'll use every day.)

2. **Enter your email and password**, then click **Log in**. If you forgot your password, use **Reset Password** or ask HR.
3. The first thing you see is your home screen. The **apps** you can open depend on your role — you will only see what applies to you.

Finding your way around

- **Top-left menu** switches between apps: **Time Off, Loans, Payroll, Commissions, Attendance.**

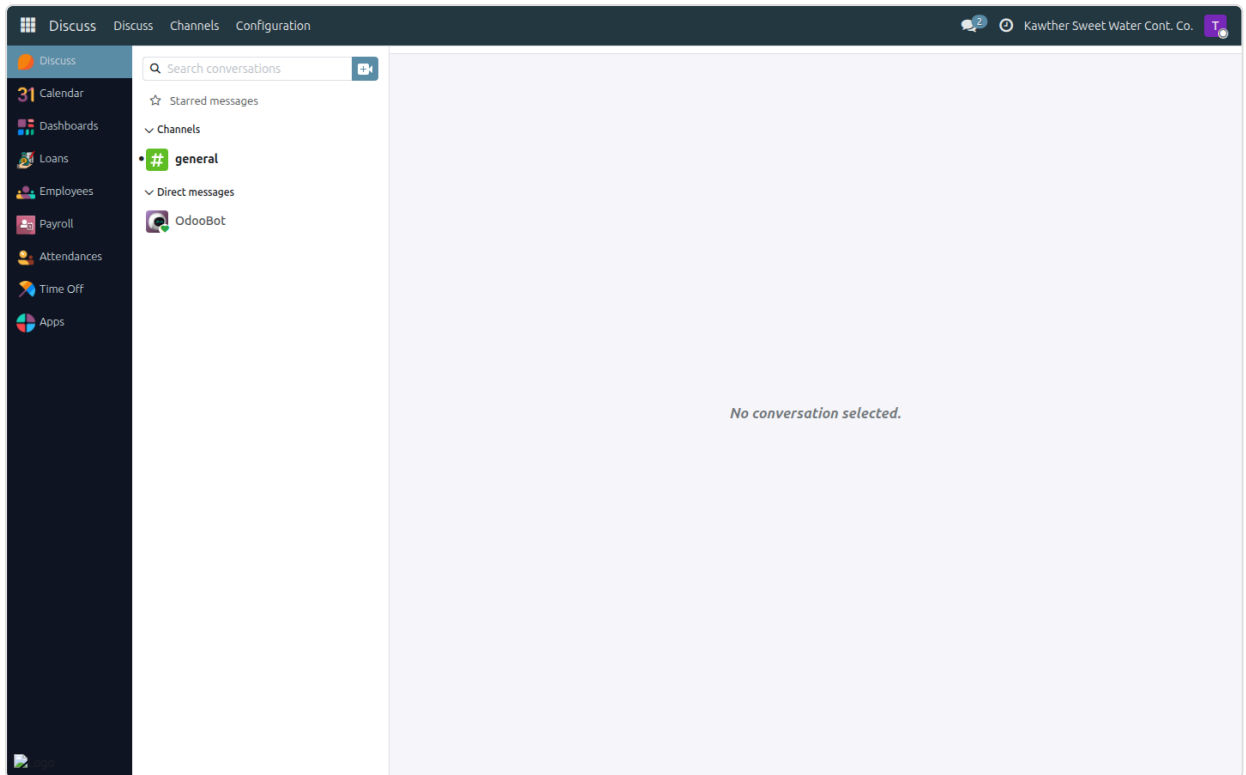

The **Loans** app is where you request and track loans. If you also manage penalties or advances, this same app appears to you as **Deductions** and has extra menus — that only happens when you've been granted those rights.

- Inside an app, the **breadcrumb** at the top-left shows where you are. Click any part of it to go back.
- **Lists** show many records; click a row to open its **form**. On a form, the **status bar** at the top-right shows where the record is in its workflow (for example *Draft* → *Active* → *Completed*).
- **Save** with the cloud/checkmark icon at the top-left, and **discard** with the **X** next to it, whenever you have unsaved changes.

Notifications (your Inbox)

Whenever something needs your attention — a request to approve, an approval you were granted, a rejection — the system sends you a message.

1. Click the **bell / Inbox** icon at the top-right to see your messages.

2. Click a message to jump straight to the record it is about.
3. Important messages also arrive by **email**, so you do not have to be logged in to know something is waiting.

For approvers: where to find what needs your decision

If your role includes approving requests (supervisor, HR, accounting, GM), each type of request has one place to go:

- **Loans** — open the **Loans** app, then **Operations → Loans**. This list opens on **Waiting For Me**, so it already shows only the loans sitting at *your* step. Open one and use its green **Approve** button (or **Refuse**, with a reason).

Name	Employee	Department	Type	Category	L...	Amount	Installm...	Employee's T...	Gross Salary	Total Paid	Total Pending	Progress ...	!
LO00662	Train Emp...		Personal L...	Borrowed...		5,050.00 SAR	10	1,006.00 SAR	0.00 SAR	0.00 SAR	5,050.00 SAR	0 %	Jul 1
LO00660	Train Emp...		Personal L...	Borrowed...		5,030.00 SAR	10	1,006.00 SAR	0.00 SAR	0.00 SAR	5,030.00 SAR	0 %	Jul 1
						10,080.00 SAR				0.00 SAR	10,080.00 SAR		

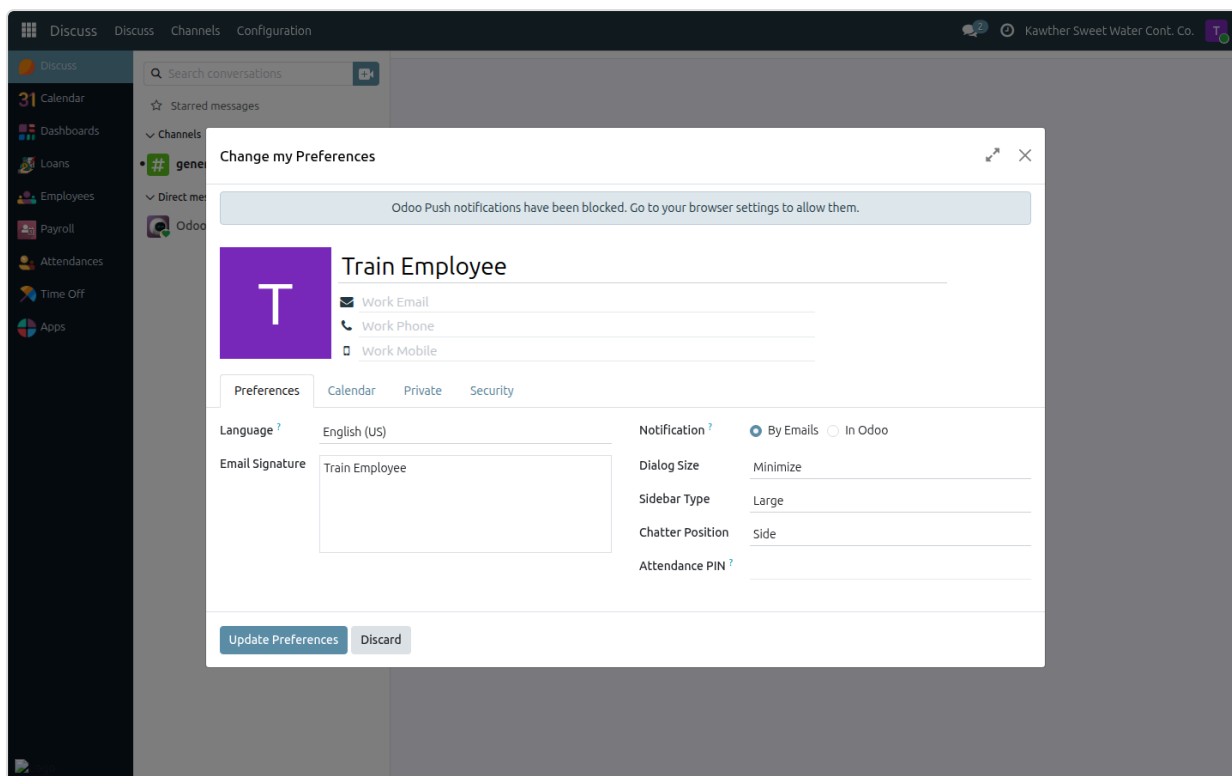

- **Time off** — open the **Time Off** app, then **Management → Time Off**, and find the employee's request in the list. (See your role guide for the exact steps at each approval stage.)

Tip: whenever you approve or refuse, your name and the time are recorded, and a refusal always needs a short reason that the requester can read.

Switching to Arabic

The whole system is available in Arabic with a right-to-left layout.

1. Click your **user name → My Preferences** at the top-right.
2. Set **Language** to **العربية**, then save and refresh.

Common issues

Symptom	Cause	Fix
I don't see an app I expected	Your role doesn't include it	Ask your administrator to check your access
A button I was told about is missing	The record isn't at the right step, or it isn't yours	Check the status bar; confirm the record belongs to you / your team
I got no email notification	Email not configured for your account	Check your Inbox (bell icon); ask HR to verify your email

Where to next

Go to your role guide — see the table in the [manual index](#). Everyone should at least read the **Employee** guides, since every staff member requests leave, loans, and views their own payslip.
