HR Guides

For **HR staff**. You approve leave and loans at the **HR step**, create **salary advances**, own all **installment changes**, review attendance sheets, and run the **bank file export**.

You also do everything an **Employee** does. Start with the **General guide (Getting Started)**.

What you can do

I want to...	Guide
Approve leave at the HR step (and confirm the signed annual-leave form)	Leave: HR approval
Approve a loan at the HR step	Loan: HR approval
Create a salary advance	Create a salary advance
Change installments / mark paid / record a loan payment	Modify deductions & change installments
Review attendance sheets	Attendance sheets (HR review)
Export the salary/commission bank file	Payroll → Bank file export

The golden rules

- **Time-off** approvals live in **Time Off → Management → Time Off**; **loan** approvals live in **Loans → Operations → Loans** (opens on **Waiting For Me**).
- On **annual leave** you act **twice**: the HR approval step, and the final **HR confirmation** of the signed form.
- **You create salary advances; you own all installment changes** (edit schedules, mark installments paid, record loan payments).
- **Penalties** (government + internal) are created by **Accounting**, not HR.
- On attendance sheets you **review** only — you edit a sheet just for employees you directly manage.

Leave: HR Approval

Who is this for: HR **How long it takes:** 1-2 minutes per request

What this does

Covers your **two** roles in the leave workflow:

1. The **HR approval** step (step 2 of annual leave; the final step of sick / unpaid / other leaves).
2. The **HR confirmation** of the signed form at the end of annual leave (step 6).

Where to find requests

Open the **Time Off** app, then **Management → Time Off**. This list shows the company's leave requests; find the employee whose request is waiting for you (for annual leave, look for their **Annual Vacation** request).

The screenshot shows the 'Time Off' app interface. The top navigation bar includes 'Time Off', 'My Time', 'Overview', 'Management', 'Reporting', and 'Leave Balances'. The left sidebar contains various app icons like 'Discuss', 'Calendar', 'Contacts', 'Dashboards', 'Deductions', 'Employees', 'Time Off', and 'Apps'. The main content area displays a list of leave requests under the 'All Time Off' tab. The list includes columns for employee name, request type, dates, amount, current balance, and action buttons. The status of each request is indicated by a colored banner on the right: 'TO APPROVE' (orange), 'TO VALIDATE' (yellow), or 'APPROVED' (green).

Employee	Request Type	Dates	Amount	Current Balance	Action	Status
Train Employee	Annual Vacation (الإجازة السنوية)	Sep 3 – Sep 5	3 days	12.00 / 30.00	Refuse	TO APPROVE
Train Employee	Annual Vacation (الإجازة السنوية)	Aug 6 – Aug 8	3 days	12.00 / 30.00	Refuse	TO APPROVE
ABDALLA SOBHI ISMAEIL ZIDAN	End of Service Request	Jul 8	1 days		Refuse	TO APPROVE
JAHANGIR ALAM	Annual Vacation (الإجازة السنوية)	Jul 7 – Sep 29	54.25 days	0.06 / 54.31	Refuse	TO APPROVE
FARMAN ULLAH BEHRAM GUL	Annual Vacation (الإجازة السنوية)	Jul 6 – Oct 6	47.75 days	0.00 / 47.75	Refuse	TO APPROVE
MISHAL J ALSHAKHS	Sick Leave	Jul 5	1 days	119.00 / 120.00	Validate	TO VALIDATE
MAHMOUD ELSAID MAHMOUD AHMED	Annual Vacation (الإجازة السنوية)	Jul 2 – Aug 15	21.46 days	0.29 / 21.75	Refuse	TO APPROVE
MUHAMMAD FAROOQ SAIF UL MALOOK	Annual Vacation (الإجازة السنوية)	Jun 30 – Sep 30	46.77 days	0.00 / 43.54	Refuse	APPROVED

Steps — HR approval

1. **Open the employee's request** from **Management → Time Off**.
2. **Fill in the HR details.** For annual leave, complete the **HR Review** tab as applicable — for example a **penalty amount** and its reason, or any required notes

for the request.

The screenshot shows the Odoo Time Off request form for 'Train Employee on Annual Vacation (الإجازة السنوية)'. The form is in the 'Pending HR Approval' state. Key details include: Employee: Train Employee, Department: (empty), Time Off type: Annual Vacation (الإجازة السنوية), Dates: Aug 6 to Aug 8 (3 days), Balance at Request: 0.00, and Penalty Amount: 0.00. The form has tabs for 'HR Review', 'Decision Support', and 'Approve'. The right sidebar shows a chat log with a message from OdooBot: 'Action Required — Direct Manager Approval. Employee: Train Employee. Period: 2026-08-06 to 2026-08-08. Days: 3.0. This annual leave request is awaiting your approval.'

3. Approve:

- **Annual leave** → click **Approve (HR)**. It moves to the GM for initial review.
- **Sick / unpaid / other** → click **Validate**. This is the final approval and the leave is granted.

To decline instead, use **Refuse** with a reason.

Steps — HR confirmation (annual leave, final step)

After the GM's final approval, an annual leave returns to you at **Pending HR Confirmation**, waiting for the signed leave form.

1. Open the leave (it's at **Pending HR Confirmation**) from **Management → Time Off**.
2. Click **Confirm & Finalise**.
3. **Upload the signed form** (PDF) in the window, then confirm.

The screenshot displays the Odoo Time Off management interface. The top navigation bar includes 'Time Off', 'My Time', 'Overview', 'Management', 'Reporting', and 'Leave Balances'. The left sidebar contains various modules: Discuss, Calendar, Contacts, Dashboards, Deductions, Employees, Time Off (selected), and Apps. The main content area shows a 'New' leave request for 'Train Employee' on 'Annual Vacation (الإجازة السنوية)' for 3 days, from 09/03/2026 to 09/05/2026. The request is in the 'Approved' state, with a progress bar showing 'Confirm & Finalise', 'Refuse', 'Pending GM Final', 'Pending HR Confirmation', and 'Approved'. The 'ANNUAL LEAVE BALANCE' section shows a balance of 0.00. The 'OPTIONS' section has a 'Full Balance Clearance' toggle. The 'PENALTY' section shows a penalty amount of 0.00. The right-hand panel shows a chat log with OdooBot messages, including 'Action Required — Direct Manager Approval' and 'Time Off created'.

The leave is now fully **Approved** and the employee's balance is deducted.

What happens next

- Approving annual leave sends it to **GM (initial)** → Accounting → GM (final) → back to **you** for the signed-form confirmation.
- Validating a sick / unpaid / other leave grants it immediately.

Common issues

Symptom	Cause	Fix
I can't find a request	Wrong list	Use Time Off → Management → Time Off , not "My Time Off"
No Confirm & Finalise button	Leave not yet at the confirmation step	It appears only after GM final approval
Can't finalise	No signed form attached	Upload the PDF in the wizard first
I can't approve	You're not in the HR approver group	Ask an administrator to check your access

- **Loan: HR approval**

Loan: HR Approval

Who is this for: HR **How long it takes:** 1-2 minutes per request

What this does

Lets you approve or refuse a loan at the **HR step** — the second step, after the direct manager and before Accounting.

Before you start

- Loans live in the **Loans** app under **Operations** → **Loans**; that list opens on **Waiting For Me**, showing loans at **Pending HR Approval**.

Steps

1. **Open the Loans app → Operations → Loans.** It opens on **Waiting For Me**.

The screenshot shows the 'Loans' app interface. The top navigation bar includes 'Deductions', 'Dashboard', 'Self-Service', 'Operations', and 'Reports'. The left sidebar lists various app sections: 'Discuss', 'Calendar', 'Contacts', 'Dashboards', 'Deductions' (highlighted), 'Employees', 'Time Off', and 'Apps'. The main content area is titled 'New Loans' and features a search bar with 'Waiting For Me' entered. Below the search bar is a table of loans. The table has columns for Name, Employee, Department, Type, Category, L..., Amount, Installm..., Employee's T..., Gross Salary, Total Paid, Total Pending, Progress..., and a date. One loan is listed with ID LO00659, Employee Train Emp..., Department Personal L..., Category Borrowed..., Amount 5,020.00 SAR, and a progress of 0%.

Name	Employee	Department	Type	Category	L...	Amount	Installm...	Employee's T...	Gross Salary	Total Paid	Total Pending	Progress ...	
LO00659	Train Emp...	Personal L...	Borrowed...			5,020.00 SAR	10	1,006.00 SAR	0.00 SAR	0.00 SAR	5,020.00 SAR	0 %	Jul 1

2. **Open the loan** and review the **Decision Support** tab, which summarises the employee's situation (leave balance, other active deductions, monthly impact) to inform your decision. You can also tick the HR confirmation ("no pending penalties") if applicable.
3. **Decide:**

- **Approve (HR)** → moves the loan to **Pending Accounting**.

Creating a Salary Advance

Who is this for: HR **How long it takes:** 2 minutes

What this does

Lets you create a **salary advance** — money paid to an employee ahead of payroll and recovered from their salary over one or more installments. Advances do **not** go through the four-step loan approval chain; you create one and it takes effect on the next payslip.

Who creates what: HR creates **salary advances**. **Government** and **internal penalties** are created by **Accounting** — see [Accounting → Create a penalty](#). Loans are a separate flow with full approval — see the loan guides.

Before you start

- Know the **employee**, the **amount**, and the number of **installments** (advances are often a single installment).

Steps

1. **Open Deductions → Operations → Deductions** (the HR-managed list).

The screenshot shows a web application interface for managing deductions. The top navigation bar includes 'Deductions', 'Dashboard', 'Self-Service', 'Operations', and 'Reports'. A sidebar on the left contains icons for 'Discuss', 'Calendar', 'Contacts', 'Dashboards', 'Deductions' (highlighted), 'Employees', 'Time Off', and 'Apps'. The main content area is titled 'New Deductions' and features a search bar. Below the header is a table with columns: Name, Employee, Department, Type, Category, L..., Amount, Installm..., Employee's T..., Gross Salary, Total Paid, Total Pending, Progress, and a final column with a gear icon. The table contains one row for a salary advance for employee DE00855, with an amount of 1,500.00 SAR and 3 installments. Summary totals at the bottom show 1,500.00 SAR for the total amount, 0.00 SAR for total paid, and 1,500.00 SAR for total pending.

Name	Employee	Department	Type	Category	L...	Amount	Installm...	Employee's T...	Gross Salary	Total Paid	Total Pending	Progress	
DE00855	Train Emp...		Salary Adv...	Borrowed...		1,500.00 SAR	3	1,006.00 SAR	0.00 SAR	0.00 SAR	1,500.00 SAR	0 %	Jul 1
						1,500.00 SAR				0.00 SAR	1,500.00 SAR		

2. **Create a new record.** Choose the **employee** and the type **Salary Advance**.
3. **Enter the amount and installments.** The monthly installment schedule is generated for you.

4. **Submit.** The advance becomes active and will be deducted on the employee's next payslip(s).

What happens next

The advance is **Active**. Each pending installment is picked up automatically by payroll and shown on the employee's payslip under **Total Deductions**. When all installments are paid, it is marked **Completed**.

Common issues

Symptom	Cause	Fix
I need to add a penalty	Penalties are Accounting's job	See Accounting → Create a penalty
The amount isn't deducting	Still in Draft	Make sure you clicked Submit so it's Active

Modifying Deductions & Changing Installments

Who is this for: HR **How long it takes:** 1-3 minutes

What this does

HR owns **installment changes** across loans and deductions: editing a schedule, marking an installment paid outside payroll, recording a loan repayment, and cancelling a deduction. Use this when an employee pays in cash, settles early, or a schedule needs adjusting.

Before you start

- You can freely edit amount and installments while a deduction is still in **Draft**. Once **Active**, the amount is fixed but you can still change pending installments, mark them paid, and record payments.
- Loans must be **Active** (disbursed) before their installments can be changed.

Edit before it's active

1. Open the deduction (in **Draft**).
2. Change the **amount** or **installments**, then Save — the schedule updates.

Mark a single installment paid

1. Open the record → **Installments** tab.
2. On a pending installment, add a short **note** (e.g. receipt number) and click **Mark Paid**.

 KSW Deduction created

3. The line turns green (Paid). If every installment is now paid, the record auto-completes.

Record a loan payment (full or partial)

When an employee repays a loan outside payroll:

1. Open the active loan (**Loans → Operations → Loans**) and click **Record Payment**.
2. Enter the **Payment Amount**, **Payment Date**, and an optional note. The window shows what will happen:
 - **Full payment** (equals the outstanding balance) → **all** pending installments are marked paid.
 - **Partial payment** → the remaining balance is spread across the pending installments, and one new "paid" line records this payment.

3. Click **Confirm Payment**.

Change the installment schedule

1. Open the record → **Installments** tab (editable view).
2. Adjust the **year/month** or **amount** of pending lines, or add a manual line. Paid lines are locked.

Cancel a deduction

1. Open the record and click **Cancel** (confirm when prompted). Cancellation is limited once some installments are already paid.

What happens next

Paid installments are excluded from future payroll runs. When every installment is paid, the record auto-completes. The employee sees the updated Total Paid / Total Pending.

Common issues

Symptom	Cause	Fix
I can't edit the amount	It's Active	Amount is fixed once active; cancel and recreate if it's wrong
No Record Payment button	Loan not active, or no pending installments	It must be Active with pending installments

Symptom	Cause	Fix
Can't edit a paid line	Paid lines are locked	Only pending lines are editable

Attendance Sheets (HR Review)

Who is this for: HR **How long it takes:** 1-2 minutes

What this does

Lets HR **review** the monthly attendance sheets of non-biometric staff across the company. Day-to-day marking is done by each employee's **supervisor** — as HR you look, but you don't normally change.

Before you start

- You can **see every** sheet, but you **edit only** sheets for employees you **directly manage** (i.e. where you are their supervisor). For everyone else, the sheet is read-only for you.
- Approved-leave days are locked and are managed by the leave workflow, not by editing the sheet.

Steps — review a sheet

1. **Open Attendance → Attendance Sheets.** You can see all sheets.

Employee	Department	Manager	Month	Year	Total Days	Attended	Absent	Status
☐ AKRAM AHAMED ABDULRAHMAN			July	2,026	31	31	0	Draft

2. **Open a sheet** and review the daily attendance, the totals, and any absences. Green = attended, red = absent.

If a correction is needed

- If you are the employee's **direct manager**, you can edit the sheet (mark days present/absent) the same way a supervisor does — see [Supervisor → Attendance sheets](#).
- If you are **not** their manager, ask the responsible **supervisor** to make the correction. HR review is for oversight, not day-to-day editing.

Common issues

Symptom	Cause	Fix
I can't edit a sheet	You're not that employee's manager	Ask their supervisor to correct it
A day looks wrong but is locked	It's covered by an approved leave	That's managed by the leave workflow, not the sheet
